

INTERNATIONAL SYMPOSIUM ON TOXICOLOGY, FOOD AND ENVIRONMENTAL HEALTH

ISSAT - MAHDIA TUNISIA 26-27 April 2019

Program

THURSDAY 25th April

13 :00-20 :00	Participants Welcoming (Hotel Thalassa Mahdia Aquapark 4*)
---------------	--

FRIDAY 26th April

08:00-09:00	Registration
-------------	--------------

09:00-09:30	Welcome and Conference Opening
-------------	--------------------------------

Moderators: Prof Adel NEFZI & Prof Ahmed Noureddine HELAL & Dr Naceur EL AYEB

09:30-10:10	PC01. <i>Prof Jesús NAVAS</i> : Biochemistry and Molecular Biology School of Medicine Herrera Oria s/n 39011 Santander Spain “ Propagation and control of antibiotic resistance genes at the clinical setting”
10:10-10:35	OC1. <i>Alibi S, Barret T J, Boukadida J, Ramos-Vivas J, Navas J</i> “Adhesion to human epithelial cells and inert surfaces of clinically relevant multidrug resistant <i>Corynebacterium striatum</i> strains isolated from Tunisia” OC2. <i>Mhamdi S, Hajji S, Rebai A, Nasri MASRI and Kamoun AS</i> “Optimization of alkaline protease production by <i>Micromonospora chaiyaphumensis</i> S103 using statistical experimental design: Application for chitin extraction from crab and cuttlefish shells”
10:40-11:40	Coffee Break & Poster Viewing (Session 1 : P1→P20)

Moderators: Prof. Hatem MAJDOUB & Dr Afifa BELAID & Prof Hayet DJELAL-GOUILLAUD

11:40-12:20	PC02. Prof Adel NEFZI: Department of Chemistry at Torrey Pines Institute for Molecular Studies in Florida – USA “Novel approaches to macrocyclic compounds. synthesis and biological activities”
12:20-12 :45	OC3. <i>Amara I, Timoumi R, Annabi E, Calabrese V and Abid-Esseifi S</i> “Di (2-ethylhexyl) phthalate alters the thioredoxin system in liver of Balb/c mice” OC4. <i>Khaled-Khodja S, Cherif S</i> “Pesticide contamination of the Gulf of Annaba (Northeast Algeria)”
12:45-14:30	Lunch

Université LaSalle

INTERNATIONAL SYMPOSIUM ON TOXICOLOGY, FOOD AND ENVIRONMENTAL HEALTH

ISSAT - MAHDIA TUNISIA 26-27 April 2019

Moderators: Prof Jesús NAVAS & Prof Noureddine CHATTI & Dr Walid BEN SELMA

14:30 -14:55	OC5. <i>Khelifa L, Salem Z</i> “Réutilisation des eaux usées dans l’agriculture” OC6. <i>Hamoudi M, Amroun D, Khennouf S, Dahamna S</i> “Effet aigus de la decoctee d“ephedra nebrodensis sur les parametres de croissance et les paramètres histologiques chez les souris swiss”
15:00-16:00	Coffee Break & Poster Viewing (Session 2 : P21→ 41)
16:00-16:40	PC03. <i>Prof Cecile BELLANGER</i> : Université de Caen Normandie – France “Are antidepressants toxic pollutants for aquatic animals? (a cephalopod on antidepressants as an exemple)”
16:40-17:00	OC7. <i>Krayem N, Gargouri Y, Jose Luis J</i> “Integrins inhibition impact of recombinant phospholipases A2 from Scorpio maurus venoms glands” OC8. <i>Dakhli R</i> “Olive mill waste water valorisation in agriculture -Effects on the soil proprieties and barley crop in southern Tunisia”

PC: Plenary Conference; OC: Oral Communication; P: Poster

UniLaSalle
