His reports were always prepared on time, and he stood out among his peers for his eagerness to engage in the process of learning and discovery. Oussama Mahjoub is a true leader. His teachers say that he often takes leadership roles guides and classmates in achieving collective goals.

Mr Oussama Mahjoub was happy to voice his own view points during class discussions, and often asked me for further clarification of points I covered in my lecture. In addition to his confidence and eagerness to learn, he also made a good impression on me due to his pleasant personality. Certainly, he seemed to get on well with classmates and teachers at all times, and I imagine that he will do the same when he is in your institution. Based on my observation of his abilities, I strongly believe he has the potential to be an outstanding student at your university. I therefore recommend his for admission to your **HBKU Scholarship** .
